Women in **SCIENCE AND ENGINEERING** Carleton University

*A social and academic
support network.*

www.carleton.ca/wise

Ever wonder where all the women are in your program?

The Carleton University Women in Science and Engineering branch, also known as CU-WISE, addresses the needs of scientists and engineers, both students and professionals.

CU-WISE is a student branch of the Ottawa WISE Chapter (online at www.wise-ottawa.ca).

www.carleton.ca/wise

Goals

CU-WISE aims to provide opportunities to:

- 1 Network with other women in your field and those related to it.
- 2 Find out about contributions for and by women in these fields.
- 3 Encourage women to seek higher education and achieve in these fields.

MEMBERSHIP

Join CU-WISE and enjoy the following!

- Guest speakers from academia and industry.
- Social events and networking opportunities.
- Chance to be a mentor or get mentored.
- Chance to help undergrad students survive that difficult first year.
- Email announcements that include info about the Ottawa Chapter.
- Chance to promote your field to young women.
